

Exhibit I

Applicant's Qualifications

RESUME' OF KEY PERSONNEL

Mr. S.K. Mohan is President of Uni-Tel. Mr. S.K. Mohan founded several companies that pioneered operator service programs to thousands of payphone and hotel owner/operators throughout the United States; the companies later expanded to resell one-plus services based on contractual agreements he directly negotiated with regional and national carriers. Additionally, Mr. Mohan developed an extensive technical support network to service PABX and other equipment needs for his clients. Current services include 1 plus international dialing and 24 hour customer service through local and 800 access numbers. Additional value-added platforms are in development. Mr. S.K. Mohan has thirteen years of experience in telecommunications.

Mr. Bhupinder Munshi is Vice President of Operations. Mr. Munshi has extensive experience in Credit Management, Software Development and Network Engineering; he has pioneered the development of customer service and billing software for national and international telecommunications networks for the past six years. He is responsible for the establishment and oversight of Uni-Tel's International Customer Service departments and for technical implementation of Uni-Tel's domestic and international network operations. He is currently involved in the production of Uni-Tel's new value-added service programs. Mr. Munshi has seven years experience in telecommunications.

Mr. Bruce M. Beal is Vice President Marketing. Mr. Beal has specialized in the hospitality industry and in the development of ethnic marketing programs domestically and internationally for the past twenty-five years. He has founded several companies and educational/marketing institutions in the United States, India, the CIS, and Central America. He was CEO of a nationwide hospitality corporation for three years prior to coming with Uni-Tel. He has developed an international customer base and international distribution network for Uni-Tel over the past five years; he also oversees a national direct sales force. He is currently involved in production development for a new value-added services program. Mr. Beal has been with Mr. Mohan for all thirteen years of his telecommunications experience.

Mr. John C. Clessler is Vice President of Sales and Marketing. Mr. Clessler, a degreed commercial artist, has created and designed award-winning products and advertising campaigns domestically and internationally for the past twenty years. Mr. Clessler has been the director of finance for several major international corporations and the creative director for the national marketing arm of a global non-profit organization which have appeared on National television and in many prestigious national and international publications. He has also developed the complete line of Uni-Tel products and brochures for the past five years. Mr. Clessler has been with Mr. Mohan for all thirteen years of his telecommunications experience.

Dr. V. Vidyalal is Director of International Network Engineering. Dr. Vidyalal is a highly published Laser Physicist who emigrated from his native India to design and implement Uni-Tel's international fibre-optics network. He is involved in every level of network function on a daily basis, from software design to reporting and feedback mechanisms for the technical, marketing, and financial divisions of Uni-Tel. He is also intimately involved in the development and refinement of the most recent technologies in the telecommunications field to facilitate the rapid growth and distribution of value-added service programs. Dr. Vidyalal has four years telecommunications experience.
